

Submitter: Bruce Anderson  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and Wildfire  
Measure, Appointment or SB1541  
Topic:

SB 1541 has a laudatory and simple, intuitive purpose: to make polluters accountable for the costs of cleanup otherwise being born by Oregonians living with the results of harm we haven't caused. As the saying goes, the devil's in the details. I urge the Committee to pass this bill out for further study, possible amendments, and vigorous debate.
