HB4114

I am in favor of this additional protection for residents of Oregon because I am becoming more concerned about federal overreach of law enforcement to harass people unjustly or intimidate our community. These law enforcement's power comes from the people and our respect for the rule of law. If they do not respect the rule of law and our constitutional rights, the people's government begins to break down. While I have concerns about unnecessary lawsuits I hope the threat of potential personal liability may help the law officers have more respect for the people and their laws.
