

Submitter:

Jim Moriarty

On Behalf Of:

Committee:

Senate Committee On Education

Measure, Appointment or Topic:

SB1538

Teachers in the state of Oregon should be concerned with school work for the children and children only.

If teachers would like to become immigration attorneys and help illegal aliens adjust their status, please go to law school.

This is another instance where the Capitol is failing Oregon kids and citizens. Stay in your lane Oregon. Immigration enforcement is a federal job, not the job of a school teacher.
