I believe all Americans have this right, given to us under the Constitution of the United States of America. We must protect our homes and nobody should come into our home and living space, without a warrant from a judge. And they must provide a business card showing their faces, with a copy of their badge and name. We should go as far as passing a law Texas passed, that prohibited Federal agents from pulling over a car if their cars are without decals and police logos. Unmarked federal police cars are required to contact local law enforcement to be present to make sure they don't violate people's rights. So this bill stops Federal agents from preforming get quick results with masks like 3rd world countries operate. Thank you for supporting this bill.
