Senate Committee On Finance and Revenue

Measure, Appointment or Topic:

SB1507

If this bill passes, it's going to cost Oregonians and local business additional hundreds and thousands of hidden accounting fees to calculate these new taxes and file a state tax return which is already too complex to understand even for tax professionals. All this new cost is going to be passed to consumers and increase inflation pressures. My car wash today cost me \$12. It was 6\$ just five years ago. 100% increase in 5 years!!! But it appears that for our elected officials even the sky is not the limit. This theft of our hard-earned money must be stopped! The waste and abuse of tax funds in all programs to be funded in this bill have to be addressed before any consideration of any new taxes. "Be It Enacted by the People of the State of Oregon"? Oregonians rejected sales taxes 9 times already. How many times do we have to say "NO" before our state government starts to listen? I strongly oppose this bill and ask you to vote "No".

Thank you
