RE: Testimony in Support of SB 1570-1

To the Senate Health Care Committee:

The recent actions by ICE agents in various communities across the country are despicable, horrific, & cruel. Healthcare NEEDS to remain protected from these monsters. It is essential that all human beings have a safe place they can go to receive medical attention. Being afraid to go to the doctor because you may be arrested is deplorable. Action needs to be taken NOW.

Thank you for the opportunity to provide comment and I look forward to your support.
