Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB1507

I, Heidi Hruska Oppose SB 1507. We the People of Oregon do not need to be taxed anymore!! Per the US Constitution more taxes cannot be passed without a vote from We the People! How about you put our districts back where they were and quit paying illegals to vote blue because we are red at heart we are a red state! Us Oregonians are the most taxed people in all of the 50 States!! Maybe the governor shouldn't be wasting our money trying again and again to sue the US government. What we need is better leadership or Governor is trash! I'm pretty sure she has been the worst, well at least in my 47 years as a born and raised Oregonian. We wouldn't need any extra tax if they would quit blowing our money on giving people free drugs and needles and worrying about fake climate change. We need a governor who is willing to work with big business here in Oregon instead of driving them out like you just did Jenn Weld and our biggest Dutch Brothers! This is a huge huge hit for Oregon! And over drive throughs for the coffee shop you wouldn't permit them? How stupid are you Tina kotek? I cannot wait until you're gone this fall. Oh and you're welcome Tina for helping get the gas tax bill you tried to back door us with on the same voter pamphlet as your re-election LOL you're an idiot! And quit lying about the streets of Portland my sister is up there living on the street unfortunately you guys just keep giving her hand up so she doesn't get her life together and when she passes her blood is on your hands.
