HB4134

I am in support of this bill. Our wildlife fish and wildlife habitats are in need and funding with a tax on logging is a fair solution. It is clear that the federal government will not be acting to protect our environment and habitats that support our fish and wildlife-so we must. This bill can go a long way toward ensuring those who venture to our State and those of us who spend time in beautiful places like the Wallow Mountains, fishing the wild and scenic Rogue, or somewhere in between are part of the solution.

Thank you.
