Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1539

Please support SB 1539. I'm a rancher that doesn't have a large animal vet within 60 miles. We can't get a vet to come out for any animal emergency let alone to preg check our cows. This is a common sense bill that allows qualified individuals to perform a service that isn't available in areas such as ours. As a full time rancher we are well informed as to the herd health status of our herd and there are still several times per year that we are required to have a vet come out to perform other services such as brucellosis vaccination. Thank you.
