Measure, Appointment or Topic: SB1507

I oppose the SB 1507 as it would harm all businesses that desire to come to Oregon and any future local business that may want to start up! Oregon needs businesses to keep our state and communities thriving! The people need to work and we cannot do that if companies move their businesses out of state! The amendment of 4&5 will do more harm as we have seen many large companies already leaving for other states that do not harm or threaten the company and it's ability to hire citizens and create more jobs and sustainability within that area.
