

Submitter: Maripat Hensel
On Behalf Of:
Committee: Senate Committee On Natural Resources and Wildfire
Measure, Appointment or SB1541
Topic:

Support SB1541, it's needed for preparedness and for resilience. Agencies need to work together for the citizenry and recent history shows we have individuals and families who need support when natural disasters occur. This bill has support from around the state. Let's be proactive rather than waiting until there is another large fire or an earthquake. Funding this bill from those who are generating revenue in businesses who are polluting allows businesses to give back to the communities and citizenry. We all depend on clean air, water and land for our health and for many our livelihoods. I encourage you to take the time now to listen to the stories of those who are testifying in person and vote for this Bill. Then, please get this Bill implemented soon.
