

Submitter: WILLIAM LOVELACE  
On Behalf Of: Lovelace Properties  
Committee: Senate Committee On Housing and Development  
Measure, Appointment or Topic: SB1576

Oregon keeps talking about making housing more affordable, every new regulation cost builders and landlords money both to implement, and to stay on top of long term which is reflected in rents. The legislature needs to look at deregulation not more regulation if you want housing to be affordable. Oregon laws are not inviting for developers and landlords. Social agenda regulations are killing production of rentals in Oregon, along with statewide rent control.
