

Submitter:	Nathan Corbett
On Behalf Of:	
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1541

It's about time we ensured we had funding to mitigate natural disasters and extreme weather from those vested in, or organizations producing the main pollution contributors of climate change.

From the text of the bill, this is not an arbitrary tax on Oregonians, and if encouraging businesses to pollute our state less is "unfriendly", I would ask how polluting our land, air and water isn't "unfriendly" to those living here?
