

Submitter: Michael Winklepleck

On Behalf Of:

Committee: Senate Committee On Commerce and General  
Government

Measure, Appointment or SB1585  
Topic:

As a City Councilor representing a city of less than 2000 we need a bill like this that would give our cities the same opportunity to receive much needed grant funds.

I support this Bill and I hope you will as well. Our cities deserve the same opportunity as large cities.
