

Submitter:

Janice Dawn

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4114

Let's not allow bullying, sadistic tactics by the federal government to continue to terrorize innocent people. These tactics have seemed all too familiar in light of the historic Nazi regime and in light of the recently exposed predatory behaviors of our current government rulers. We must stand up to those whose only intent seems to be to take pleasure in the intimidation and suffering of others. We know better, and we must act on that knowledge.
