my name is letty dogheart I am a disabled Navy Veteran and home owner in Portland. ICE agents are already terrorizing Oregonians. Police are helping them and it is in violation of our constitutional rights.

With the increase in abuse of power by the Trump administration trampling our Constitutional Rights

it is s vital that Oregon legislators do what is right and necessary to ensure and protect those rights of Oregonians

like you, i too swore an oath to defend the constitution.

please represent us with honor courage, commitment and integrity.
