HB4134

Chair Nathanson and committee members, I support 1.25% for wildlife because I would like to keep our state looking beautiful. The wild beauty of Oregon attracts so many visitors, whom express amazement at how different our state looks and feels to so many others. I have lived in 10 different states over my lifetime, but choose to call Oregon my home because of the stunning landscapes and the conservation efforts. Right now, I believe we need to do all that we can to keep this state beautiful for the generations of people to come. I am willing to pay more in hotel fees to support the conservation efforts. Seeing the dry and warm winter that we are having this year, I am anxiously anticipating a terrible year for wildfires. Passing HB 4134 would hopefully help not just the people, but the plants and animals, be able to better support our environment in dire situations. Please pass HB 4134. Thank you!
