

Submitter:

Jennifer Anderson

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB4035

As a contractor in OR who works in housing we are at a critical juncture. Without new capital injections and reforms to the permitting process the crises will only continue to spiral. The construction industry has spent most of the past year on hold waiting for project approvals and investment. We are ready and willing to tackle the needs of Oregonians if the State can lift the non-market barriers in place.
