Natural Resource and Wildlife Committee,

Thank you for hearing SB 1539. This bill will make it easier for ranchers who have been trained to check their own cattle and cull open cows without having to have a vet travel to their ranch or the expense of paying the auction yard vet to Preg Check the cows. The expense of having a vet travel to your farm is in the hundreds of dollars now not to mention the cost of services. I ask that you support this bill and give Oregon Ranchers a break.

Thank you for considering my testimony
