Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4125

An idea: How about setting a budget (look up that definition...it doesn't seem like anyone in our legislature/government knows) and actually living within it? Fix our schools, homeless/mental health issues and ODOT - all within that budget...then come back and we'll talk about it. Until then, give this excess tax revenue back to the people who own it...the Oregon taxpayer.
