Measure, Appointment or HB4105  
Topic:

HB 4105 would undermine protections for Oregon's state forests by putting clearcuts above fish, wildlife, clean water, recreation and other values that Oregonian's cherish in our state forests. This includes jeopardizing the implementation of the Western State Forest Habitat Conservation Plan (HCP) that we have fought so hard for and also preventing the Oregon Department of Forestry from managing its forest to sequester carbon.
