On Behalf Of:

Committee: House Committee On Commerce and Consumer Protection

Measure, Appointment or Topic: HB4150

I support HB4150. As we watch Federal DHS agents attack, injure, detain and transport residents of the United States without due process or adherence to basic human rights, or human decency, we know that it is up to States to protect our rights. Concerned citizens throughout OR celebrated when Avelo Airlines ended its commercial flights to and from Oregon and throughout the western hub (and now nationwide). We had learned that Avelo was transporting human cargo across state and national borders for profit. Consumers stood up and said no. The State of Oregon must now stand up and say no to any future business deals with companies doing business with federal agencies that violate due process, constitutional rights. Just a few weeks ago, the OU basketball team flew to and from a game in a chartered Avelo flight, seating their players and cheerleaders in the same seats previously carrying human shackled and chained. This has to stop. Do not do business ever again with companies profiting from cruelty and violating our law. Please vote yes on this important bill.
