

Submitter: Justin Fleming  
On Behalf Of: The Working Class  
Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB1507

I as a long term Working resident of Oregon. Strongly oppose SB 1507. The time has come in this failing State for our Leaders to Budget the many forms of Taxes, and Income it already receives by we the working class, and consumers. Recognize Fiscal Responsibility, and stop treating us as a never ending supply of more after they make bad decisions. I as a middle class earner am starting to struggle as it is without another unnecessary Tax being imposed. Oregon is already amongst the Top in the Nation for cost of living, including Taxes. We do not need more. Respectfully Leave Our Wallets Alone. We have families to raise, Mortgages to pay, and a life to live. It's time for Oregon to make cuts from other programs to find a balance that works for all. The Working Class cannot continue to be stolen from.
