House Committee On Judiciary

Measure, Appointment or Topic:

HB4114

It is unacceptable that any state or federal agent would think they can trample the rights protected by the Fourth Amendment. Our communities deserve to know who is forcing entry into homes and disrupting lives. When agents are not clearly identified, there is no way to know whether they are legitimate or simply pretending to be federal authorities. This bill is a critical step toward accountability for constitutional violations, and I fiercely support it.
