Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4114

Please do more to support holding federal and out of state agents accountable to the citizens of Oregon. They are not bounty hunters, they are not vigilantes. They should be upholding _criminal_ laws and being undocumented is only a civil offense. However, shooting people who pose no immediate threat to another human is a criminal act. Gassing protestors and civilian neighborhoods is also criminal. We need better oversight and transparency when these foreign invaders come into Oregon and harass and attack our populace.
