Subject: Support for SB1548-Cannabis Edible Packaging and Safety Standards

I am writing to express my strong support for **SB1548**, which establishes important safety and packaging standards for cannabis edibles in Oregon.

This bill's requirement that cannabis edibles be **individually packaged** and limited to a maximum of **10 milligrams of adult-use cannabinoids per unit** is a sensible and responsible step toward protecting consumers. By ensuring consistent dosage and clear separation of servings, SB1548 will help prevent accidental overconsumption, particularly among new or inexperienced users.

Additionally, the provision directing the **Oregon Liquor and Cannabis Commission (OLCC)** to ensure that cannabis products include **clear health information** is a vital public health measure. Accurate labeling and accessible safety information empower consumers to make informed decisions and reduce the risk of misuse.

SB1548 strikes the right balance between supporting Oregon's legal cannabis industry and safeguarding public health. I urge you to pass this legislation to promote responsible consumption, enhance consumer safety, and maintain Oregon's leadership in thoughtful cannabis regulation.

Thank you for your time and commitment to the well-being of our communities.

A handwritten signature in black ink, reading "Shirley Morgan". The signature is fluid and cursive, with the first name "Shirley" and last name "Morgan" clearly distinguishable.
