

Submitter: Claire Penn  
On Behalf Of: The children who are unable to speak for themselves  
Committee: House Committee On Health Care  
Measure, Appointment or Topic: HB4127

My name is Claire and I oppose HB 4127. Abortion is not healthcare for the mother but murder of the child. Planned parenthood does not need any more taxpayer dollars. It actually does not need any money for killing children. True reproductive health care is for the life of the unborn child and the mother. Even if the mother was raped or a victim of incest which are both horrible things for a woman to go through, the child shouldn't be killed because of the atrocities that the mother had to endure. The mother should have the child and give the child to someone else who wants the child if the mother doesn't want the baby. Life is a God given right. God created man in His image and breathed into his nostrils the breath of life and man became a living soul. He is the only one who has the right to decide when our life on earth is finished.

Sincerely,  
Claire a servant of Jesus Christ
