

Submitter: Jim Hill  
On Behalf Of:  
Committee: Senate Committee On Commerce and General Government  
Measure, Appointment or SB1593  
Topic:

I am a small business owner that sells outdoor recreation clothing for skiing, hiking, cycling, and running. I have also volunteered as a ski coach and running coach at the High School Level for a combined 10+ seasons. We also volunteer once per year to teach skiing to families that have been impacted by childhood cancer (through the Candlelighters organization). My wife and I also put on a yearly cross country ski race, snow conditions permitting, that circles Crescent Lake and have done so for over 10 years. Without waiver laws that work the outdoor recreational industry in the state of Oregon is in grave jeopardy. Oregon needs to get aligned with our neighboring states.

I am in full support of SB 1593.
