Honorable Chair Pam Marsh and committee members, thank you for this opportunity to provide testimony for HB 4123. I believe in a right to privacy, for all. This bill makes sure that renters have the same assurances of having their basic information kept private like any other person. Vulnerable peoples such as disabled and immigrants need protection from discrimination and coercion. When I see what has been happening in our country in the last year, immigrant people particularly need to be able to live without fear of arrest or deportation. Please support this seemingly small, but important bill. Thank you.
