

Submitter: Anna Herring

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4134

As a lifelong Oregonian I support increasing the transient lodging tax. I grew up in the south hills of Eugene and the woods and the wildlife what made living there so special. HB 4134 would dedicate funds for habitat, Wildlife and wildfire prevention. What makes Oregon beautiful is the nature, and having places for people to enjoy it, and having places for wildlife to coexist.
