Committee: House Committee On Housing and Homelessness
Measure, Appointment or Topic: HB4082

I OPPOSE [HB 4082].

[HB 4082] is yet another attempt at destroying Oregon's Land Use Laws by creating a false image Grandma and Grandpa can no longer afford their home and need to move to a manufactured home.

Expanding Urban Growth Boundaries (UGBs) for manufactured homes, using a Grandma and Grandpa frailties to live out their years in their own homes gambit, destroys irreplaceable, invaluable farmlands for housing projects.

Read the Text of [HB 4082] to see the other changes to zoning if you are ready to puke.

Once again, screw the Governor's twisted housing production ideas.

Farmlands must be protected from the Governor!

Residential Housing projects should mimic high-rise apartments as seen in Hong Kong or Mainland China. This type of housing should be sited within established UGBs. No more housing is to be expected.

Oregon needs a housing moratorium, a new Legislature and a new Governor.
