Valorie Freeman

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB4114

HB4114 is important to protect individuals being terrified by ICE and CBP federal agents who are injuring them and breaking into their cars and homes. It creates a deterrent to the lawless approach to immigration enforcement which is currently operating in the state and nation. It is out of control. This bill helps vulnerable brown and non-English speaking individuals in our community. Please vote to pass HB4114 and put it into immediate use.
