Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: SB1541

My name is Skylar and I live in Portland, Oregon. I am submitting this testimony in strong support of SB 1541.

This bill is important to me because I care deeply for conserving the natural land of this state, and feel it should be the responsibility of any corporation who has contributed to the ramifications of climate change here in our state to clean up their messes. Oregonians should not be forced to foot the bill - economically or emotionally - for their wrongful treatment of our wildlife. As legislators, you have the power to shift the costs from your constituents to these mega corporations. I urge you to pass SB 1541 and finally make these polluters pay for the damage they've done to communities across our state.
