Measure, Appointment or HB4105  
Topic:

I write to you today in strong opposition of HB4105.

This is nearsighted bill that wastes taxpayer money, is unnecessary (revenues are projected to increase already, and the sustainable goal is already set.) Further, it endangers things Oregonians hold dear: our wild lands, our stewardship of native species, and our responsibility to the environment. I am a fifth generation Oregonian and it is important that we preserve what my pioneer great grandparents witnessed too, for the generations that come.
