SB1581

To whom it may concern, I'm a long resident of Cottage Grove OR. I ask you to considerate this bill because so many of my younger families need it. When I was in high school I did not have parents to take care of me, so I had to benefit on free school meals because the money I was making working while in school was not enough and that's why many of my colleagues and family members drop out of school. Especially those that don't have their parents with them, or low income families that are struggling to make a living in this economic inflation. I please ask you to vote in this bill because it will impact hundreds of families in Cottage Grove only, imagine in the whole state. Thank you, for the attention to this matter!

Sincerely,

Abelio
