

Submitter: Ann Tiedeman

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB4105

I oppose House Bill 4105 and its amendments. This timber industry bill undermines the state forest habitat conservation plan and would result in more clearcuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage.

Based on 2025 fiscal impact estimates from an identical bill, implementation would require \$1.1 million of initial funding to start this program. The new right to sue the ODF would also cost the state significant resources in ODF and DOJ staff time and legal fees, estimated to upward of ten million dollars per biennium.

The State Forester already sets sustainable harvest levels consistent with the mandate to manage state forests for "Greatest Permanent Value" for all Oregonians and reports this to the public. The ODF has exceeded its harvest objectives over the past 10 years.
