HB4114

I believe that if federal agents are breaking my 4th amendment right which protects me from unlawful search or seizure, that I should be allowed to sue for damages, emotional, mental, and physical. Immigration Customs Enforcement is attempting to go door to door to manipulate people either out of their homes or to an unlawful search of their home in order to remove people they suspect to be illegally in this country. This is illegal in Oregon as we are a sanctuary state, and I request that our government continues to protect myself, my neighbors, and my state from federal overreach.
