Measure, Appointment or
Topic:

HB4153

My wife and I have a small flower/farm stand in our small town, in our small corner of Oregon, it doesn't make much money for us. In fact it mostly helps cover the cost of flower seeds and feed for our animals. We like many other Oregonians enjoy being able to provide something beautiful and healthy for neighbors and our community. HB 4153 seeks to take away our right to provide these goods at a personal community level and puts that choice in the hands of government that has no real personal connection with our community or our way of life. It's just another way to control and take more money out of our already empty pockets. Government is by the people and SHOULD be for the people. I oppose HB4153. Thank you and God bless.
