To: House Committee on Judiciary
RE: Support House Bill 4114-Protect Your Door Act

Chair Kropf, Vice-Chair Chotzen, Vice Chair Wallan, and members of the Committee:

On behalf of the Oregon Health Equity Alliance (OHEA), we write to support House Bill 4114 known as the Protect Your Door Act.

OHEA is a people of color-led collaborative, organized to center and uplift the wisdom of our communities of color through racial justice informed health equity policies and practices. OHEA serves Clackamas, Multnomah, and Washington counties as one of nine regional health equity coalitions across Oregon.

Immigrant Oregonians, our families, and communities have been targeted by violent, lawless ICE sweeps resulting in community-wide fear and devastating family separations. No family should have to plan for parents being torn from their children.

Oregonians know we are stronger together. When immigrant communities are targeted, families struggle, their health is affected, and critical systems are pushed to a breaking point.

The Protect Your Door Act strengthens our constitutional rights to be secure in our own homes. If anyone violates our constitutional protections by entering our home without a valid warrant signed by a judge or our consent, there needs to be consequences. Our constitutional rights are only meaningful when enforced. Families across the state and country have had their Constitutional rights violated without accountability. HB 4114 holds individuals personally responsible for infringing on someone's right to privacy and security in their home.

This piece of legislation is a way to restore trust and safety in our immigrant communities. Immigrant communities across the country are living with heightened fear that agents may enter homes without proper judicial oversight. This fear undermines basic community stability, keeps people from meeting their basic needs and safety like seeking health care or reporting crimes, and corrodes trust in law and government.

Strengthening constitutional protections through HB 4114 is Oregon's values in action; the belief that constitutional rights apply to everyone equally, including immigrants and mixed-status families, and that unlawful intrusions will have consequences. This reassurance can reduce fear, improve cooperation with local public safety, and protect everyday life in immigrant households.

The Protect Your Door Act is part of the 2026 Immigrant Justice Package and is backed by a broad coalition of immigrant justice advocates, civil liberties groups, unions, and community based organizations. We urge you to support these community-led policies to protect the freedoms of all Oregonians. You have the opportunity and responsibility to ensure our communities feel safe, and this is a way to do that.

Thank you for your time and efforts,

Oregon Health Equity Alliance
