SB1505

Dear Committee on Rules,

I oppose this bill. There is already extensive oversight through ODDS, DHS, OHA, OSHA, BOLI and others. Imposing workplace standards through a centralized board lessens the

voice of families, providers and advocates. Oregon does not need more bureaucracy or a board to tell these people what they already know. This is just another attempt to create and pay for something that is completely unnecessary. Please use our tax dollars more wisely. For goodness sake, this is a special session. You shouldn't be wasting time with this bill. Vote NO!
