Committee: Senate Committee On Judiciary  
Measure, Appointment or Topic: SB1563

Dear Senate Committee on Judiciary,  
I am asking you to support this bill. This bill is about individuals' Constitutional rights and protecting them against state government violations. All individuals should be able to be compensated through pursuing legal action if the government has violated their rights. The federal government already recognizes these rights. This bill will ensure individuals of all economic status be allowed the same opportunities for protection at the state level.
