Measure, Appointment or Topic: HB4153

I live in rural Oregon where many small family farms operate small farm stands. They greatly benefit our communities and families to be able to eat locally grown fresh produce.

This bill is not written with these small family farms in mind. While I can understand the need to put some restrictions and regulations on larger operations operating on farm land, I cannot support any legislation that would prevent them from continuing operating as-is. Please rewrite the bill, until then, oppose this!
