Measure, Appointment or Topic: HB4150

I am in support of HB4150 and its provisions in support of immigrant communities, as well as its goal of ensuring public funds reflect Oregon's values as a Sanctuary state. The current federal Administration's policies of detention and deportation are cruel, inhumane and are definitely not targeting "the worst of the worst", i.e. those immigrants who have committed crimes. Denying due process to those who are entitled violates our Constitution. Private companies who are profiting from federal contracts to carry out inhumane, harsh detentions and deportations without informing immigrants of how long they are being detained nor where they are going must not be tolerated in a civil society. HB 4150 appears to insure that public funds are to be used in alignment with Oregon's public policies and humane ethical standards..
