House Committee On Revenue

Measure, Appointment or Topic:

HB4134

Dear Oregon House,

I am a resident of Oregon and a great appreciator of the wildlife and ecosystems that support and rely on that wildlife that we have here. I am writing to express support for the HB 4134 to increase the state transient tax by 1.25% to fund Oregon's State Wildlife Action Plan, ODFW's Wildlife Connectivity Program, wildlife rehabilitation facilities via the Wildlife Stewardship program, anti-poaching efforts, Oregon Conservation' Corps' wildfire risk reduction and community resilience work, and other core conservation priorities that have been chronically underfunded or entirely unfunded.

This increase in tax is minimal for travelers, and the wildlife are a huge attraction to the state, so it is worth it!

Thank you for your consideration!

Elise Mazur
