Measure, Appointment or Topic: SB1507

Why is it that the Legislature seems to be as much against the people of Oregon as the givernor seems to be? Do they forget who pays their salary? Is the hatred of the Democrats against President Donald J Trump so intense that they do not care if they hurt the people of Oregon? It is not true that all the money of Oregonians is available for our givernment to grab. Businesses need money to invest in labor and resources. Without the survival of businesses the state will collapse. Seems like very few Democrats understand the principles of Economics. I would recommend they take valid Economic principle courses where such concepts as Circular Flow Models are taught. I pray you consider to just sit on your hands and do not put through SB1507.
