Measure, Appointment or Topic: HB4150

I support HB 4150 which requires private contractors operating in Oregon to attest that they will not engage in mass deportation of immigrants. Private companies, such as Avelo Airlines, have profited from federal contracts to carry out these actions. Avelo has finally stopped contracting with ICE but we need to make sure no other companies in Oregon engage in these practices.

HB 4150 reflects Oregon's commitment to support immigrant communities and resist unjust federal deportation policies. By promoting ethical behavior among contractors, this bill ensures that public funds are used appropriately, in alignment with Oregon's policies and values.

I strongly urge you to approve this bill and forward it to the legislature for passage.
