SB1581

Dear Members of the Committee,

I support SB 1581 because it helps students receive meals that allow them to focus on their learning. It is becoming increasingly difficult for parents to cover living expenses despite full time work. It is also becoming more difficult to find work.

We know that students would be stigmatized if they were singled out as receiving free breakfast and lunch. We want to give students a sense of belonging.

We need to invest in students, their futures, and the community.

Sincerely,

Angela Hale
