Co-Chairs Helm and Owens, Vice-Chair Finger McDonald, and members of the House Committee on Agriculture, Land Use, Natural Resources, and Water:

My Name is Lara and I am a community member who highly values shopping from local farms and food providers in Veneta, OR. I am writing to you today to express my opposition to HB 4153. Farm stands are a vital part of connecting the public with our food system and building an understanding of what it takes to go from field to fork. But HB 4153 would restrict who is allowed to have a farm stand, replace current definitions with Farm Stores, and give large land owners privileges at the expense of small farm stands in Oregon. We need to find a better solution.

I care about this because

Consider answering some of these questions or using these statements as a jumping off point in your testimony:

Small farms need to have the same opportunities to sell their produce as larger farms. I also hope to one day have some land with which I can generate a small income, providing quality locally grown food that has a smaller environmental footprint. I do not intend to run a full scale farm operation, but rather supplement my income.

Why should large acreage farmers gain privileges at the expense of smaller acre farmers?

Why should a small farm be any less legitimate than a large farm when it comes to defining farm use?

Currently small farm stands allow me to get to know my neighbors and access a variety of specialty ingredients, that are not economically viable to grow on a large scale.

We are asking you to not have a higher burden on the smallest farms. This bill takes away opportunities from small land holders and farms in order for larger operations to be able to host more events. This is not a good bargain for Oregon and a better deal must be found.

Thank you,

Lara DePietro
