This bill is a cunning way to appear to lower taxes temporarily while opening a back door to increase taxes later when we aren't looking. The people of Oregon have repeatedly rejected a sales tax, and recently the transportation tax. It's astonishing that you, our elected representatives, have the audacity to go against the will of the voters over and over to repeatedly try to enact a sales tax and raise taxes when it's clearly not what the people want. What we want is for you to properly manage the funds we already give you. We do not want any new or increased taxes. No!
