

Submitter: Mary Roit  
On Behalf Of:  
Committee: Senate Committee On Commerce and General Government  
Measure, Appointment or SB1593  
Topic:

I support SB 1593 because my life and family revolves around being outdoors year round. Most specifically we ski and snowboard in the winter months and are very active in that community on Mt. Hood. Our concerns have grown over the past year in hearing the news that we may not have these experiences anymore due to the resorts not being able to obtain insurance. My husband and daughter both have jobs on the snow, we would be grateful for change that is so desperately needed. Thank you for reading.
